

# CHARLES PETTEE & FOLKPSALM ~ The Way of Manna

AN ALL ORIGINAL MUSICAL COLLECTION OF PSALMS AND SCRIPTURES from Charles Pettee & FolkPsalm celebrating the wonders of God's green Earth, and exploring what the Bible says about humankind's responsibility for care of the land.

Ears to Hear, LLC is pleased to announce the third release from Charles Pettee & FolkPsalm: *The Way of Manna — Agrarian Songs from the Bible for the Care of Creation*.

Continuing the distinctive, regional flavor of Americana and Bluegrass that distinguishes the first two celebrated releases, (*Steady Love*, 2002, and *True Wealth*, 2005), *The Way Of Manna* also features a 20 page booklet of essays by **Ellen F. Davis, Professor of Bible and Practical Theology at Duke Divinity School**.

This combination of **high energy performances by some of North Carolina's premier acoustic musicians**, and essays by Davis, (author of eight acclaimed books, including *Scripture, Culture, and Agriculture*, Cambridge University Press), makes for an inspirational and practical resource for either individual or group study in such Biblical themes as stewardship of the land, faithful eating, repentance, and celebration of God's providence to all of creation.
